SOCKS

ARTICLE H1499

**MATERIAL
COMPOSITION**

69 % cotton, 28 % polyamide, 2 % elastane, 1 % carbon

SIZE

39-41 42-45 46-48

DESCRIPTION

Black cotton socks with added elastane ensuring excellent fit. The socks have an antistatic finish; a carbon fiber in the lower part prevents electrostatic discharges. The sole is reinforced. A functional zone in the instep area provides better stabilization.

The antistatic properties of this product were tested by the notified body No. 2369 (VIPO a.s.) and are documented in test report No. 126/2020.

TECHNICAL SHEET

CARTON QUANTITY	100 pairs
CARTON WEIGHT	10,1 kg
CARTON VOLUME	0,0763 m ³
PARTIAL PACKAGING	1 pair

The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months.

Under no circumstances should the warranty period be confused with the lifetime of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health. However, skin irritation is not excluded for sensitive people, in which case do not continue to use the garment. Avoid fire and sources of intense heat.

No accessories or replacement parts are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
