250 g/m²

SIZE

46 – 64

DESCRIPTION

Stretch cotton overalls with a lapel made of special Amalytton® material, which excels in increased strength and smooth, soft surface. You will appreciate the reduced weight thanks to pleasant wearing feeling. Durable and four-way elastic Tabiflex® material is used on exposed areas. The pants have a highly functional ergonomic 3D cut SLIM FIT, which Enhances the silhouette. The knee area is reinforced with durable Oxford material with a water-repellent finish, the knee pocket allows the use of reinforcement. ADN® AdaptBelt technology ensures smooth waist width adjustment with every movement without feeling restricted. The trousers are equipped with an internal anti-slip tape, a D ring for a carabiner, 2 tactile pockets, 1 front zipper pocket, 1 front tool pocket with a wide loop, on the right leg there is a multifunctional pocket for a folding ruler, a screwdriver and a break-off knife with wide loops, on the left leg there is a large double pocket covered with a snap fastener. The back part is divided by a saddle and 2 pockets, the right rear pocket is covered with a snap fastener, triple stitching in stressed parts. On the lapel. There is 1 zipper pocket, elastic braces allow easy adjustment of the length. The bottom hem of the legs is reinforced with Oxford abrasion-resistant material. Increased user visibility provide dynamic reflective 3D prints and hi-vis accessories. The leg length can be easily extended by 5 cm.

This personal protective equipment is in conformity with the requirements of the following harmonised standard:

ČSN EN ISO 13688:2013 – Protective clothing – General requirements

Self-certification was carried out on the basis of the technical documentation of the product and practical tests of ergonomic properties of the product by Ardon Safety s.r.o. on 08.11.2023

The CREATRON® collection meets the requirements for health safety and is a holder of **OEKO-TEX® Standard 100 certification, PG020 certificate number 128167 OETI.**

UNIT PACKAGING	of 1 pc

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
