DESCRIPTION

The set of women's long sleeve functional T-shirt and functional trousers is ideal as a first layer for various types of activities, it is made in a seamless design. Seamless technology minimizes the number of seams and eliminates skin irritation. The long-sleeved functional shirt and functional pants provide excellent thermoregulation, with the inner side excellently wicking moisture and the outer layer providing thermal insulation, they are flexible, quick-drying, adapt perfectly to every movement, have a technical sophisticated cut for maximum comfort, special knitted functional zones and structures promote optimal skin ventilation, suitable for any sporting activity.

This product is not a PPE (personal protective equipment), therefore it is not subject to certification and cannot be CE marked.

The LYTANIX collection meets the requirements for health safety and holds the **OEKO-TEX[®] Standard 100 certification**, certificate number **PG020 200752 OETI**.

UNIT PACKAGING	1 pc

The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health. However, skin irritation is not impossible for sensitive people, in which case do not continue to use the garment. Avoid the fire and sources of intense heat. No accessories or replacement parts are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
