## **SIZE**

34 – 52

## **DESCRIPTION**

These state-of-the-art ladies' hiking trousers combine lightness, flexibility and breathability. The water-repellent BIONIC FINISH® ECO coating protects against water and dirt, making the trousers quick to dry while staying breathable. Up to 90% of this impregnation is made from renewable natural raw materials without the use of PFAS, or 'forever chemicals'. It stays effective even after repeated washing and is friendlier to the environment and your well-being than traditional treatments. Designed along original lines, the trousers include a zip mobile phone pocket reinforced with ultra-lightweight ripstop material that gives them a unique look. There are 3 additional zipper pockets to store your essentials. There are zippers that let you widen the bottom of the legs, as well as hidden hooks for attaching the trousers to your shoes, making them ideal for rough terrain. Their versatility makes these trousers a great choice for a wide range of outdoor and leisure activities.

This product is not PPE (personal protective equipment); therefore, it is not subject to certification and cannot be CE-marked.

<b>UNIT PACKAGING</b>	of 1 pc

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
