ARDON® ULTRITE® AIR REVO

SAFETY GLASSES

ARTICLE NO. E4307 (Blue)
E4308 (Red)
E4309 (Gold)

Lens materiál Polycarbonate
Material frame Polycarbonate

DESCRIPTION

Sports safety glasses combine modern design with maximum functionality. Thanks to the specially designed lens shape, they naturally follow the contours of the face, providing excellent side-eye protection while ensuring a clear panoramic view without unpleasant optical distortion. The entire construction is made without any metal components, making the glasses lightweight and suitable for environments with metal detectors or where there is a risk of electric shock.

High user comfort. Flexible frame. Lenses with anti-scratch and anti-fog coating ensure clear and undistorted vision.

All models feature modern REVO lens technology. This multi-layer mirrored coating acts as a highly effective filter that reflects harsh glare and unwanted reflections from shiny surfaces. In addition, the REVO coating significantly enhances contrast and improves color perception, helping the eyes focus better on details and reducing eye strain during prolonged work in direct sunlight.

STANDARDS

This personal protective equipment complies with the requirements of the following harmonized standard:

EN ISO 16321-1:2022/A1:2025: Eye and face protection for occupational use - Part 1: General requirements

The safety glasses comply with the requirements of Regulation (EU) 2016/425 of the European Parliament and of the Council on personal protective equipment and Regulation (EU) 2023/998 of the European Parliament and of the Council on general product safety.

Certification was carried out by Notified Body No. 0598 (SGS Fimko Oy, Takomotie 8, FI-00380 Helsinki, Finland), certificate No. 0598/PPE/26/0701, dated 04/03/2026.

Lens REVO, UV 400, A G3 CT 1 CE

Filtre type	GL	UV filter
Shade number	3	Blue / Red / Gold lens
Optical class	1	Permanent wear
Mechanical resistance	CT	Resistance to low-energy particle impacts at extreme temperatures
Anti-fog lens	✓	
Scratch resistant coating	✓	
UV protective coating	✓	 UV400

NUMBER OF PIECES IN CARTON	300 pc
QUANTITY PER BOX	10 pc
CARTON WEIGHT	17,5 kg
CARTON SIZE	0,17 m ³
UNIT PACKAGING	1 pc

The product must be stored in its packaging in a dry, clean place, away from direct sunlight, at temperatures between +5°C and +55°C, with relative humidity up to 90%, and away from sources of gasoline or solvent vapors.

Cleaning is recommended after each use. Clean at room temperature using a soft cloth lightly moistened with a diluted solution of water and mild detergent.

Do not use hot water, gasoline, degreasers, organic solvents, or abrasive cleaning agents.
